

By car from the north (Ruhr), we recommend the A52 and A44. After the airport tunnel, exit at D-Stockum. At the next traffic light, turn left towards the city (Innenstadt). You will then come to a road (Danziger Str.) built in motorway style, which you follow to the exit Fashion House/Mönchengladbach. You will then find 3 sets of traffic lights in short succession: drive straight at the first set of lights, then half-left at the second set and finally straight again at the third set of lights, into Roßstrasse. After about 500 m you will see Kennedyhaus on your right - Roßstraße/corner of Hans-Böckler Straße – just before the ESSO service station.

By car from the west (left of the Rhine) take the A52 exit from the Kaarst motorway junction towards Düsseldorf. At the Heerdt Dreieck stay left towards Düsseldorf airport (Flughafen/Theodor-Heuss-Brücke). Once you have crossed the River Rhine, exit and follow the signs to Derendorf (half-right into Roßstraße). After about 500 m you will see Kennedyhaus on your right - Roßstraße/corner of Hans-Böckler Straße – just before the ESSO service station.

By car from Wuppertal/Cologne on the A46 to Düsseldorf. After the second tunnel, take the Hafen (port) exit and then continue left on the Südring (following signs to the Hafen) and then turn right to Hafen/Messe (Völklinger Str). At the next crossing, drive straight ahead through one short and one long tunnel. Once out of the tunnel, move slowly into the right lane and then follow the exit lane into Klever Str. Now drive straight ahead until you see a church on your right. Then turn left into Roßstraße, where you will find the Kennedyhaus on your left after about 1,000 m.

Parking is available in our underground car park: underground level 2 (2 UG) bays 95 – 99.

(Important: The entrance to the car park is in Hans-Böckler Straße. You will see an intercom system at the entrance – number 33 will connect you directly with our office.
